

Gender Pay Gap 2022

The Calico Group is committed to the principles of equality in pay for all our employees and we are dedicated to eliminating any gender bias in our pay and remuneration systems. From April 2017 all employers with over 250 employees must publish a Gender Pay Gap Report on an annual basis.

Chief Executive Comment

Calico Homes Ltd has a mean gender pay gap of 14.48%. Calico Homes is part of the Calico Group which is a Group of specialist companies and charities providing a range of specialisms including housing, healthcare, support, employability and construction. The Group figure of all our companies collectively is 7.15%. Whilst we do not pay any employees bonuses - the definition of bonus for the purposes of GPG reporting includes our voucher based reward and recognition scheme- Calico Stars. Calico Stars are tokens of appreciation which are low value 'thank you' normally less than £50.

Our Gender Pay gap can be partly explained by very few of our front line support roles being held by men. We are also different to most organisations in regards to the fact we have a registered Care Home that sits within our Housing association arm of the Group and again these roles are almost exclusively held by women.

We are committed to ensuring we do what we can do to reduce the gap, there is a reassurance that our Gender Pay Gap is not as a result of paying men and women differently for the same or equivalent work, moreover the pay gap is the result of the roles in which men and women work within the Group and the salaries that these roles attract on the market. This is reflected across the UK economy as a whole with factors such as caring for young children, part-time work and occupational choice having an impact.

We take equality, diversity and inclusion seriously. Aligned to our people strategy, we continue to create an environment that provides equal opportunities to all colleagues and provide fair pay and a competitive and creative benefits package. We are proud to be a significant employer of women with women accounting for 64% of our total workforce and 62% of our Senior Leadership team. Alongside our Gender Pay Gap report, we also publish internally our Ethnicity Pay Gap report.

Our commitments regarding gender pay

- We commit to a fair rate of pay for women and ensure women are represented well at all levels of the Group including our Board. We have developed a new generation Board diversity programme which offers a two year board trainee programme aimed at attracting and retaining a more diverse representation of Board Members including women.
- Strengthened and enhanced our leave arrangements, including paid time off for domestic abuse, fertility treatment, pregnancy loss along and other special leave arrangements. This is in addition to enhanced arrangements for maternity/adoption leave, and the option for career breaks
- We have launched an ongoing series of awareness raising workshops and training for our managers and employees around menopause and menopause awareness
- Significant investment in employee development including Sector based career road Maps, opportunities to pursue qualifications and apprenticeships and a bespoke leadership programme covering both values based leadership and business acumen.
- Seek to provide the best overall employment package giving particular attention to our employees' health and wellbeing.
- Formed a Diversity paying attention to Group which links up our responsibilities as an Employer, Provider and Landlord

- We produce a bi-annual report containing all our people metrics and insight which is presented to the Remuneration Committee and Boards
- We carry out an annual pay award review each year, the latest pay award given to all employees was 4% in October 2022
- We continue to make enhancements to our recruitment processes ensuring our jobs are promoted to be accessible to all.
